SILVER SNEAKERS CLASS DESCRIPTIONS

Chair Yoga: All fitness levels. Chair Yoga is taught from both a seated and standing position, in combination with restorative breathing exercises, to enhance the flow and energy created by the various poses.

Silver Sneakers Classic: Beginner AOA; this low impact class is performed with music from both a seated and standing position (staying seated is an option) and alternates between low impact moves, balance, and strength work using resistance tubes, exercise ball and light dumbbells. Exercises are performed that mimic everyday movements and will help increase mobility and strength in the major joints and muscles.

Silver Sneakers Cardio Circuit: Beginner-Intermediate AOA; this low impact cardio class is presented in a circuit format that alternates between low impact choreographed moves, balance and strength work using resistance tubes, exercise ball and light dumbbells. The cardio and balance portions of the class are performed standing, but strength exercises may be done standing or seated in a chair.

TOP: Les Mills THRIVE offers three options of intensity to help members of all activity levels feel successful.

MIDDLE: Chair Yoga is a great way to get a full body stretch while using the chair for support and stability.

BOTTOM: Friendships and connections are one of the BEST parts about our Silver Sneakers classes. Meet new people, make new friends and stay healthy together!
