PRECOURSE INFORMATION

Participants in the Lifeguard Training course are required to pass a water-skills test prior to entry into the course. The skills test will be given to all students during the precourse and consists of the following:

- Student must swim 300 yards continuously, using these strokes in the following order:
 - ◊ 100 yards of front crawl using rhythmic breathing and a stabilizing, propellant kick, 100 yards of breast-stroke, 100 yards of either front crawl using rhythmic breathing or breaststroke. This last 100 yards may be a mixture of both.
- Student must tread water for 2 minutes using only the legs. Hands will be placed under the armpits.
- Student must complete the following timed event within 1 minute, 40 seconds: Starting in the water, swim 20 yards using front crawl or breaststroke, surface dive to a depth of 7-10 feet, retrieve a 10 pound object, return to the surface, and swim 20 yards on back with both hands holding the object. Exit the water without using the ladder or the steps.

NEED HELP WITH THE PRECOURSE?

Not sure if your skills or endurance are where they need to be to pass the lifeguard training precourse test? In a small group or individual setting, our instructors can help to prep you for the precourse by evaluating and instructing you on stroke technique and endurance training specific to passing all of the entry requirements for the lifeguard training.

\$20/members per 1/2 hour session

\$28/non-members per 1/2 hour session
