

PICKLEBALL

We are excited about the growth of our Pickleball program at the Dunigan and Downtown YMCA locations. To assist us with our continued growth and to maximize play we have adopted the following guidelines:

- **Playing time is reserved by scheduling court time and paying in advance at the YMCA front desk.** All participants must register and pay at the front desk prior to the start of your play timeslot so we can capture our activity in the main system.
- **Participants may only reserve court play one week in advance.** So after your day of play head to the front desk and reserve your court and time for the next week of play.
- **FINDING PLAYERS / NETWORKING:** Find individuals and groups for play by using our online Pickleball forum by going to www.ymcaswin.org/pickleball.
- **PLAYING FOR FREE:** As a YMCA member Pickleball is FREE and included with your membership. Therefore, with our new membership rates it may pay for non-member players to calculate the cost to see if they could have full YMCA membership benefits while receiving Pickleball play for FREE for a little more than they now pay for play alone per month. Ask our front desk staff for a rate card and a tour...and take full advantage of a membership while still enjoying weekly Pickleball.
- **E-MAIL LIST:** Join our Pickleball e-mail list for program details, league play and tournament information by going to www.ymcaswin.org/sports and filling out the JOIN OUR EMAIL LIST.
- **LEAGUE / TOURNAMENT PLAY:** Interested in Pickleball league play and/or tournament play? If so, join our e-mail list (see above) to receive information about upcoming league and tourney details to be hosted at the downtown YMCA in the coming year.
