

MAKING MEMORIES FOR MILITARY FAMILIES

YMCA Camp Carson has been serving campers of military families with two special programs for nearly 15 years.

Our Operation Military Support camp is offered to children of military families with parents who are active in the armed forces, but may or may not be currently deployed. These campers experience all of the adventure and challenge of our regular summer camp programs, with the advantage of spending time with other young people who understand the life of a Military family.

This past summer we worked with many campers who have struggled with bullying & other social challenges from the pandemic.

Camp Carson gave them a safe and encouraging space to "be myself" and enjoy being a kid, surrounded by caring staff and other campers with similar experiences.

Camp Carson also hosts Camp Corral, which transforms the lives of children of wounded, injured, ill, and fallen military heroes by providing a unique summer camp experience. This program is offered at no charge to qualified military families.

Finally, Camp Carson hosts Military Family Weekends in the Fall, which is a great time for our Military families to reconnect, relax, and spend time enjoying Camp activities together.
