

CREATING CHARACTER TOGETHER

The YMCA Outreach Branch **meets the needs of over 2,000 youth in 37 programs across 25 schools every year in our community.**

At the CenterPoint Energy YMCA, youth living in and around the Caldwell Housing Development participate in programs that offer academic assistance, recreation, character building, leadership development, and friendship.

The CenterPoint Energy YMCA offers a safe place for over 400 youth each year Monday through Friday as well as special programs on Saturday.

...youth experience a more diverse and inclusive environment.

Money raised from the Annual Campaign supports multiple programs offered both on site at the CenterPoint Energy YMCA as well as off site to the youth it serves including the Booker T Washington program, tutoring, Bible Study, STEM learning, and after school programs.
